Task 4 – Professional Email Writing and Etiquette

Email 1 – Assignment Extension Request

To: kannan@vitbhopal.ac.in
Subject: Request for Extension on Digital Literacy Assignment Submission

Respected Professor Kannan,

Hope you are doing well.
I am writing to request a brief extension for the Digital Literacy assignment due on 30th March 2026. I have been unwell over the past few days and have not been able to complete the work at the level I want to submit.

I have made significant progress and only need two additional days to finish and review the remaining sections. If possible, I would appreciate an extension to 27th March 2026. I completely understand if that is not feasible and am prepared to submit my current draft if required.
Thank you for your time and consideration.

Email 2 – Internship Enquiry

To: hiringmanager@infosys.com
Subject: Interest in Summer Internship – First Year CSE Student, VIT Bhopal

To whosoever it may concern,

I hope this email finds you well. My name is Akshit Bhatia and I am a first-year B.Tech student in Computer Science and Engineering at VIT Bhopal University. I am writing to express my interest in the summer internship programme at Infosys, specifically in the AI and Machine Learning division.

I have been actively building my technical skills through coursework and platforms such as HackerRank, and I document my projects on GitHub. I am eager to gain hands-on experience in machine learning and data analysis, and I believe contributing to your team would offer exactly the kind of real-world exposure I am looking for at this stage of my degree.

I have attached my resume and would be happy to share any further information. Thank you for considering my application.

Regards,

Akshit Bhatia
